A Message From Janet Nelson

Thank you for supporting our Grands & Greats Day!
We would like to thank our event sponsors, The Summit and Doherty Funeral Homes, and all of our vendors. Please check the front page of our newsletter for more contact information.

October, November, and December are filling with activities. Check your calendar and plan ahead so you don't miss out on exciting Mid-County events!

We are pleased to add 40 spaces of pickleball each week with our adjusted gym schedule. Many thanks to our badminton and volleyball players whose time was altered to fit in more pickleball. When you see those players please join me in saying "Thank You!"

We are ready to add late afternoon pickleball from 4PM - 6PM on Monday, Tuesday, and Thursday - weekend pickleball will also be available two to three weekends a month depending on the National Guard drill schedule. We need volunteer ambassadors who are willing to host a timeslot: this means managing the facility entrance and locking up after the playing time. Please contact me if you are interested.

Our new gym schedule (set to start Monday, October 10, 2022) will only succeed with members' cooperation and understanding:
- Only play when registered for the specific timeslot
- Exit the gym a few minutes before the next session so everyone begins on time
- Register for no more than 3 session per week; if you would like to see about daily availability due to open spaces, call us and we can put in the schedule
- Do not move pickleball paddles on the wait bench until it is your turn to play
- If you are new to pickleball or have never played, register for our Friday New Players Clinic at 10:30AM with Greg Blythe and learn the rules and game technique.

Welcome, New Members!

October is Breast Cancer Awareness Month

Did you know that 1 in 8 women will be diagnosed with breast cancer in her lifetime? While you can't usually prevent cancer, it is important to be proactive about your health.

Cancer begins in the cells which are the basic building blocks that make up tissue. Tissue is found in the breast and other parts of the body. Sometimes, the process of cell growth goes wrong and new cells form when the body doesn't need them and old or damaged cells do not die as they should. When this occurs, a build up of cells often forms a mass of tissue called a lump, growth, or tumor. Breast cancer occurs when malignant tumors develop in the breast.

When you're told that you have breast cancer, it's natural to wonder what may have caused the disease. But no one knows the exact causes of breast cancer. Doctors seldom know why one woman develops breast cancer and another doesn't, and most women who have breast cancer will never be able to pinpoint an exact cause. What we do know is that breast cancer is always caused by damage to a cell's DNA.

Women with certain risk factors are more likely than others to develop breast cancer. Some risk factors (such as drinking alcohol) can be avoided. But most risk factors (such as having a family history of breast cancer) can't be avoided. Having a risk factor does not mean that a woman will get breast cancer. Many women who have risk factors never develop breast cancer.

Breast cancer is the most common cancer in American women, except for skin cancers. It is estimated that in 2022, approximately 30% of all new women cancer diagnoses will be breast cancer. The good news? Thanks to early detection, 65% of breast cancer cases are diagnosed at a localized stage (there is no sign that the cancer has spread outside of the breast), for which the 5-year relative survival rate is 99%. Early detection includes doing monthly breast self-exams, and scheduling regular clinical breast exams and mammograms.

ARTICLE: ADULT CHILDREN RETURNING HOME

Older adults are finding their children returning home to live with this current economy. If your child is struggling financially, try to fight that impulse to invite them to live with you and wait for them to ask. That way, you know they've exhausted all other possible options and truly need your help.

It is important to establish clear timelines and expectations for how the arrangement will proceed. Sit down with your child and review their current financial situation and how long it will take to get back on their own again. Reinforce that this is a temporary arrangement to help them save money and get ahead.

Insist on a contribution, even if it's just a small weekly amount to offset the additional cost of having another person in the house; this will help them stay accountable. If they have no money coming in, give them a list of household tasks to complete each week.

Resist giving them access to your credit or debit cards or dipping into your savings to bail them out. Allowing them a place to live while they take steps to become financially independent is contribution enough. Encourage them to get help. They can get FREE financial coaching through Stand By Me, just dial 211 to get connected to a financial coach.

For assistance in reaching your financial goals, call Stand By Me for FREE financial coaching:
